Agenda

November 18-19, 2010

Stryker Interventional Spine Cadaveric Course

Bordeaux, France

Stryker
Interventional Spine

Stryker

stryker

Overview

The Symposium is an interactive mix of clinical presentations and hands-on cadaver experience.

Expert faculty will provide pertinent information through a didactic session. This will include history, background, technique and expected results, as well as patient selection and workup.

This course will allow you to learn how to perform these innovative, minimally invasive procedures on cadavers during a hands-on laboratory session

Objective

This course will provide education and training in the safe and effective use of the following Stryker Products:

1. AutoPlex, VertaPlex, PCD, VertaPlex HV for Vertebral Compression Fractures
2. MultiGen for RadioFrequency Nerve Ablation
3. Dekompressor for Percutaneous Discectomy

Meeting Venue

Bordeaux University Hospital
Anatomy Laboratory
Bordeaux, France

Hotel

Hotel Mercure Cité Mondiale ****
18 Parvis des Chartrons
33080 Bordeaux - France

Welcome Dinner

Restaurant Le Gravelier
114 Cours de Verdun
33000 Bordeaux - France
